

Idea Submission Form

I hereby submit the below suggestion for consideration.

This document (with attachments as needed) and any prototypes are a complete disclosure of my suggestion:

I understand that Empire Level Mfg. Corp. has a policy on suggestions made by individuals not employed by Empire. Therefore, I understand that it is required that I accept the below stated conditions prior to consideration of my suggestion.

- A. At my request, Empire is willing to consider my suggestion without entering into a confidential relationship. While making no agreement, Empire does not intend to disclose the suggestion less than sixty (60) days from the date of this submission.
- B. No obligation of any kind is assumed by or may be implied against Empire unless or until a formal written contract has been made, and then the obligation shall be limited to the specific terms and obligations expressed in the formal written contract.
- C. Empire does not, by reason of the submission of this suggestion, obtain any right under any patent I may have or later obtain on the suggestion. In consideration of the review of my suggestion by Empire, I hereby release Empire from any liability in connection therewith, except as may arise under valid existing or later-issued patents.

I accept all of these conditions and ask you to consider my suggestion and all disclosures relating to it, as well as any other suggestions that I may submit to you in the future.

I further agree that the disclosures which I submit in any form as referred to above are and will be the only disclosures which I will make; i.e., no other disclosure will be deemed to have been made unless subject to this or a subsequent similar Idea Submission Form.
